Stix Series

ecosmart Fire

Stix is an award-winning fireplace with a striking geometric form that evokes the mood and magnetism of a classic campfire, offered in two sizes: the compact Stix and the larger Stix 8.

Stix Series

Design Features

Environmentally-Friendly
Bioethanol fireplaces use an environmentally-friendly, renewable energy source that burns clean and delivers warming heat. You and your guests will enjoy the ambiance and tranquility of a real fire, without the hassles of burning real wood - no more embers, ash, and soot to clean up.

Available in Two Sizes
The Stix Series is available in two sizes – Stix (small) and Stix 8 (large) – and are striking either standalone or together.

1. Versatile & Incredibly Durable
EcoSmart portable fireplaces are versatile, incredibly durable, and are constructed of weather resistant materials. These appliances are designed to look great for years, and will perform admirably through all four seasons.

*If located in coastal areas or near swimming pools, Stix needs to be washed down regularly to remove salt/pool water to prevent rust.

2. Colours
Stix 8 is available in black, with the option of a black or stainless steel burner.
Stix is available in black or stainless steel, also with a choice of a black or stainless steel burner.

Quick & Easy Installation
With no installation or building works required, simply unpack, put into position, and off you go.

Ground Fixing Brackets
Models come with fixing brackets for permanently locating into a fixed position.

Global Compliance
These models comply with existing standards in the USA and Australia. O-TL listed to UL 1370 and ACCC Safety Mandate compliant.

Model not available in all countries.

Stix Series

Accessories

Included

Jerry Can with Safety Spout and e-NRG* bottle adaptor

Jerry Can allows safe storing/ decanting of e-NRG ethanol. The e-NRG adaptor connects the Safety Spout to an e-NRG fuel bottle.

Lighting Rod & Lighter

The Lighting Rod is designed to safely adjust the slider position on the burner. It is also used for the ignition procedure.

AB8 Efficiency Ring

Placed over the internal burner vent, it serves to increase the efficiency of the burner as well as further stabilise the flame.

(Included with Stix 8 only)

Optional

Outdoor Cover

Take care of and protect your investment by using our high quality protective outdoor covers.

*e-NRG not available in all countries.
